My mind exercised abt.
Baptism of chn whose parents are not members
& prof. of church.
Is that any view of the
taken of Bapt. by wh others
can come? Not having given
own hearts to God can they

give their Ch[ns]?

Does it mean such a giving or dedic[atio]n of a child, or is it simply to place it under Chr[istia]n influences?

How many families are expelled from the church. And what occurs here, no doubt occurs elsewhere.

Again while speaking of going to Ind. Co., he thinks the climate of this part of Chile to be too cold for him to labor for the natives. I fear he is deceiving self — if not others. Says he has long had desire to labor as a missionary. Wife out of all patience for his sailing under false Colors: but perhaps he thot

the R. Ag. Church and put him
on good terms; whereas
they have done nothing of sort;
and Goodfellow had really
never spoken to him of the

My mind is exercised about rules of discipline in Ch. — whether baptism of Ch^n sh^d be limited to Ch. members; or be necessary public. Also whether a gen^l invitation sh^d not be given to everybody to take Lords supper, & so cast the responsib. on themselves. Then how c^d line be drawn betw. the Ch. & the world; — seems to be the difficulty at present

many persons are repelled from hearing the Gosp. preached among us.

Sent a bill to Hy. Fisher Am. Bib. Soc^d for £100 — of also p "to employ proceeds in meeting any loan that U. S. Gov^t may need on be raising. I know little about the loans, but if money be need^d w^d be glad to aid in supplying. tho at same time w^d

be glad to have it as safe as may be practicable. Hence I have that you would be willing to invest this sum in the best U.S. bonds acc. to your judgt. of what are the best, rate of int. and time being left quite to you. Act in fact as you would were it for yourself — even to retaining the funds if you think it too hazardous for me. Hold the bonds for me in your hands, so that you can rec. the int. and also alien- ate them for me in case of need. By attending to this you will gratify my patriotism as well as protect my interests. If my Co. needs this sum to save herself and her liberties,

she ~~is~~ will be welcome in case of failure; and if she succeeds she can return it later on.

El señor Presidente Alfonso. — Para mí hai una diferencia mui grande entre una misa de gracia y la funcion de *Corpus.* Con lo primero se celebra el heroismo de los que nos dieron independencia, y a eso se adhiere todo hombre de corazon que comprenda el amor a la patria. Pero con el *Corpus* se celebra un misterio relijioso, que solo aceptan los que creen en él. Si no se ha aceptado la invitacion del señor Cura, no fué por desairarlo; fué solo para establecer con toda franqueza que no estamos obligados a asistir a las funciones de tabla. Y si concurrimos a las exequias del jeneral Aldunate, fué porque ese era un acto espontáneo, y creemos que debia honrarse la memoria de un buen servidor de la patria. Por lo que toca al art. 5.° ya he hablado.

Se puso a votacion la indicacion del señor Rejidor Lujan.

El señor Rejidor Almarza. —Pido que se me escuse votar. En la sesion del 24 voté por la asistencia, creyendo el acuerdo ilegal. Hoi, en vista de las disposiciones de que se ha dado cuenta a la Sala he cambiado de parecer; pero aún no estoi del todo satisfecho para decir *sí* o *no,* porque las prácticas anteriores me hacen dudar.

El señor Presidente—Siento decir a Su Señoria que el reglamento no le permite escusarse de votar.

El señor Rejidor Almarza. — Entónces solo por ser consecuente con mi voto anterior, estoi por la revocacion.

El escrutinio dió por resultado que seis municipales estuvieron por la subsistencia, y solo tres, comprendiendo el voto casi dubitativo del señor Almarza, estuvieron por la revocacion del acuerdo.

El señor Rejidor Lujan.—Pido que se estampe en el acta que he estado por la revocacion del acuerdo.

El señor Alcalde Cobo.—Pido lo mismo por lo que toca a mí.

El señor Presidente Alfonso.—Pues yo tambien pido que se deje constancia en el acta de que he estado por la subsistencia de un acuerdo que reconoce la tolerancia relijiosa.

El señor Rejidor Givovich.—Y yo tambien pido que se esprese que estuve por la subsistencia de un acuerdo que respeta la conciencia individual.

Dr. Hope — that too colloq.l in
saying "faths" & "em"

Had gt doubts what to
do: H. had told me Mr
Salt compl.d that he would not
bring his S. Sch. to the church,
saying it was not lone to be
announcing him; he then wrote
Mr S. of complaints made
to him ab.t Mr S. calling his att.n
hardly thinks — intemp.ce — insisting
on fees for marriages — and
Sabb. bargaining for sale of water (?)
No notice taken by Mr
S. of the letter

Later the people request

in St. resign — heard not — ask^d for chgs. they did not ma. the delicacy but said he^d He knows — they sent chgs. othe to Engl^d. I underst^d Mr. S. that these chgs were new to him when (then) read, but He had stated them all some time before.

Hence it seem^d that if I went to hear him again I sh^d side with him ag^st his censurers; while preaching elsewhere w^d side ag^st him. At last, while fearing he has incurr^d deserv^d censure, I decided to preach where I sh^d be most out of sight. & worship

when I sh^d be most intent

I now think it w^d p[er]h[a]ps
have been wiser had I seen
him & told him I was
ready to preach as he had re-
quest^d at first, and had he
not agreed then done so
at Conwinces as Mrs C. pro-
pos^d.

On the whole today have
been refresh^d in meeting
with these few humble
ones ~~that~~ seem holding
on — faint, yet pursuing.

Call^d on a Mrs Nelson

good Connections, marrd a Cam. man, steward in a sto., came here led reckless life, sick grnos, in wh grace seems to have reach'd her heart. I read in Matt. 12 last vss. & pray'd — Husb'd & ano. there.

Wife not well enough to go out in am. — went in Eg. Bradley led saying:

Sk. I. Praying silently to be seen
II. Not pray'g for fear of being seen or known to pray.
III. Both cases for praise of men leave out thot of God.

July 10/66. Tuesday.

Went to station to see Mrs Bates off with 5 ch^n & Bro. & sister. Took her medecine and helped them on board.

Dr Clark, Yates Sterling, Consul Little, Lt Remey (on Howey) came & call, & Mr Temple in Eve.

Visit of G. Pinsee Haine

bat of presents for the Sp^r.

met Capt. Ward of Columbine who off his boat for sailing in harbor.

Consul Cansvill with me at the Lxs. Dickens says our temple finds M:: his great hindrance — ~~that~~ sometill him M:: is their religion — that its representatives are very bad.

C. Little says R. behaved very badly on the Isthmus & on Sth. out. Pretended a woman was a naval officer's wife under his protection, going to Chile to wait for her husband — took her to table with him — introduced her to Mrs Parker's family in Aspinwall as such — told Wilson in Chile of his Con. with her, and yet wrote Parker apologi-

for having intimid. to his
house and afterwards found
to be unworthy, which letter
came & Nelson showed it to
Parker — that she did
not go to Chile because
Mrs Shalen refused to go.
on — that G. wrote him
not to let him come on to
Chile in any case — to pay
her passage anywhere —
He says I will be easy
to substantiate all this.
Same woman named S
was at ass. house and
was a vile prostitute.
L. says K. slept with her
on the Str. coming out from
Z. H.
N. York, & told Nelson so.

Hicks & Littlebott say Mr
Sall has been recalled pre-
emptions — letter rec^d f

Nov. 1, 1866.

By strange coincid^ce on birthday visit^d Newark and E. Town. Mr DeCasse spoke of me as born in that house. Saw Miss Mary Dehart in cars. Call^d on Aikman, who had heard I had gone to Europe. At cemetery, Norris had done nothing to the stones. Sister Anna was with me; first time she had visit^d the place since leaving it in 1832. Wife remain^d at Newark — saw Sarah Williams, A Ward & wife, Dr Hew Smith & wife, Aunt Irvin, Marion, Sly^k, Mr & Mrs Thibou — & Jess.

My reflections on this 47th birthday have not been very marked, — only my wish is to grow learning my Lord more humbly and dutifully. But the Lord's name.

Luther's letters.
1. August.
Vol. 2. De Wette. Berlin 1826. page 34 a letter to Melancthon. "Fragment."
After spk'g of celibacy as binding vows on monks, but not on priests, but a doctrine of devils.—
also that omitting wine may not be sin in the supper when cannot obtain it, but a sin to deprive of it he says.
Obsecro oremus Dominum ut festinet nobis amplificare spiritum suum dare. Suspicor enim fore ut cito visitet Dominus Germaniam, sicut

menitor ejus incredulitas, impietas et odium evangelii. At haec plaga tum nobis imputabitur, quod haeretici Deum provocaverimus crimusque opprobrium hominum et abjectio plebis: illi vero apprehendent excusationes in peccatis suis, et justificabant semet ipsos, ut probet reprobos neque bonitate neque ira bonos fieri. et Scandalizabuntur multi. Fiat, fiat voluntas Domini. amen.

si gratiae praedicator es, gratiam non fictam, sed veram praedica: si vera gratia est, verum, non fictum peccatum ferto. Deus non facit salvos ficte peccatores.

Esto peccator et pecca fortiter, sed fortiûs fide et gaude in Christo qui victor est peccati, mortis et mundi: peccandum est quam diu sic sumus. Vita haec non est habitatio justitiae, sed

expectamus, ait Petrus, Coelos novos et terram novam, in quibus justitia habitat.

Sufficit quod agnovimus per divitias gloriae Dei agnum qui tollit peccatum mundi: ab hac non avellet nos peccatum etiamsi millies, millies uno die fornicemur aut occidamus. Putas tam parvum esse pretium et redemptionem pro peccatis nostris factam

in tanto ac taliagno.

Ora fortiter: es enim fortissimus peccator. Die Petri Apostoli Anno MDXXI.

Prof. Cameron invited me to Club at his house this eg. Prof. Aiken read on Philos. of Epicurus
1. Canonica
2. Physics
3. Ethics – Pursuit of happiness – mans worth – denial of future life – or control of Gods

Dr Hodge asked, if in the Epicurean atomic theory (in wh chance) there was held to be any rational Control. Prof. A. did not know — It was the pt to be known. A. was indebted to others for what seem'd a learned Essay.

Question arose as to virtue being pursuit of happs. or virtue for its own sake.

Duffield — that Bible set joy before us — hope. Adam & all men now — that

true happ: wd thus be obv.
that Epic: system must
have had some truth under-
lying it.
Dr Hodge maintained that
virtue a right for its own
sake - degrading virtue
to seek it for good it wd do.
Dr Atwater in same strain
virtue was a good in se
Dr McIlvaine asked him
to define what meant by
calling it a good.
I said nothing - but
Dr H. afterwds wd not admit
that virtue was regard for all

Beings — God and all — and some included. Deprecat the N. Engl views as debasing virtue.

They are wrong on the Hopkinsian view of being willing to be damned for the Glory of God.
